

# O-I'S NEW GREENFIELD FACILITY IN BOWLING GREEN, KY

A true celebration of O-I's history of **innovation, technology and sustainability.**

Up to  
**\$240  
million**

investment planned in multiple expansion waves overtime.

Approximately  
**140  
new jobs**

in the region.

**MAGMA  
technology**

First facility purposely built for O-I's MAGMA technology, the revolutionary, flexible, modular glass production system, and first greenfield facility in almost two decades.

**mid  
2024**

Start of the first production line is expected mid 2024 followed by up to two more production lines to serve the growing spirits market and continued development of MAGMA.

## FORWARD-LOOKING STATEMENTS

These materials contain "forward-looking" statements. It is possible that the company's future financial performance may differ from expectations due to a variety of factors. Any forward-looking statements in this document are based on certain assumptions and analyses made by the company in light of its experience and perception of historical trends, current conditions, expected future developments, and other factors it believes are appropriate in the circumstances. Forward-looking statements are not a guarantee of future performance and actual results, or developments may differ materially from expectations.
